### SACRAMENTO UPDATE

#### Status of County-Interest Legislation

The Governor completed action yesterday on all bills sent to him by the Legislature. On September 29, 2004, the Governor signed one bill and vetoed two others of County interest as discussed below. The final status on bills of County interest is shown in the attachment.

**County-supported AB 2064 (Goldberg)**, which proposed new guidelines for future State Parks and Recreation Department bond acts with regard to how urban parks are defined and designed, and established that a portion of the expenditures were to be made on park-poor, underserved areas in proportion to other conservation efforts, was vetoed by the Governor on September 29, 2004. In his veto message, the Governor indicated that AB 2064 directs the State Department of Parks and Recreation (DPR) to facilitate local active recreation activities in park-poor areas. However, DPR already does this through its Office of Grants and Local Assistance, which provides financial and technical assistance to local entities for park and recreation needs.

**County-supported AB 2901 (Pavley and Kehoe)**, which would require cell phone retailers in the State to have a system for the acceptance and collection of used cell phones for reuse, recycling, or proper disposal in place by July 1, 2006, was signed by the Governor on September 29, 2004. This measure becomes effective on January 1, 2005.

**County-supported SB 1343 (Escutia)**, which would require the Superintendent of Public Instruction to develop recommendations for a master plan for infant and toddler care to focus on the healthy development of children from birth through age three, was vetoed by the Governor on September 29, 2004. In his veto message, the Governor indicated that current law already requires the California Department of Education to develop a master plan for childcare and development, and infant and toddler care may be included in this process, and avoid possible duplication of efforts.

We will continue to keep you advised.

|             | Steinberg     | Support (State Update: 4/1/03)   | PREVIOUSLY: Would have required each county that participates in the Children's System of Care program to collect and annually provide information to the State Department of Mental Health that demonstrates the effectiveness of the program based on outcomes achieved for individual participants. It also would have required that the \$69 million included in the State Budget for the AB 3632 program be used exclusively for the support of county mental health services and would have prohibited the funds to be offset by the State Controller. |                     |

This measure would prohibit the DMV from contracting with any agency that has a contract with the courts to provide in-court administrative services. The County of Los Angeles Housing Authority is currently under contract with the courts to provide in-court administrative services and receives \$600,000 to monitor traffic violator schools.  | Died in Assembly    |

Also requires training on the expanded rights to be included within existing training for licensed foster parents, relative caregivers, group home administrators and licensing staff.   | Chapter 331 of 2003 |
| AB 488      | Parra         | Support (State Update: 1/29/04)   | Would require the Department of Justice (DOJ) to disseminate registered sex offender information pursuant to Megan's Law via an Internet website operated by the DOJ. Would also allow qualified offenders to petition for the removal of their information from the Internet, and to make it a crime for those who use the sex-offender data base to commit a misdemeanor or a felony, punishable by a fine of between \$10,000 and \$50,000, or five years in State prison. The bill appropriates \$650,000 from the General Fund to the DOJ to implement this act. Urgency clause.  | Chapter 745 of 2004 |
| AB 490      | Steinberg     | Support and Amend to seek provisions to avoid it becoming an unfunded mandate (State Update: 8/1/03)<br><br>Support (Board Action: 4/22/03)                                     | NOW: Still does the same but was recently amended to strike language requiring the State Department of Education and local educational agencies to provide, arrange, and pay for the child's transportation. |             | Correa        | Support if Amended to expand conservancy board to 15 voting members, include a County Supervisor and a representative from the San Gabriel Valley COG, and prohibit the SARC from acquiring the power to use eminent domain (Board Action: 5/13/03) | NOW: Would have established the Santa Ana River Conservancy (SARC) to acquire and direct the management of public lands in the Santa Ana River watershed with a governing board of 13 voting members and nine non-voting members. The SARC would have had the ability to acquire property but such purchases must have been made from willing sellers, at fair market value, and must have been mutually beneficial to the seller and SARC. The SARC and the State Public Works Board would have been prohibited from exercising the power of eminent domain for land acquisition. |                     |

| <u>BILL</u> | <u>AUTHOR</u> | <u>POSITION</u>   | <u>SUBJECT</u>  | <u>STATUS</u>       |
|-------------|---------------|---|---|---------------------|
| AB 936      | Reyes         | Support (State Update: 6/10/03)   | NOW: Was amended to delete the language creating the crime of baby stalking, and instead creates a new crime of trespass related to stalking, which will occur when a defendant knowingly enters or remains in a neonatal unit, maternity ward, or birthing center located in a hospital or clinic without lawful business to pursue. | AB 946      | Berg          | Support (State Update: 7/7/03)  | Would repeal the requirement that a city or county authorize its needle exchange program through a declaration of a local emergency and instead authorize clean needle and syringe exchange programs upon the action of a county board of supervisors, and the local health officer or health commission, or upon the action of a city council, the mayor, and the local health officer.  | Vetoed              |

Existing law provides that capital facility fees charged to public agencies (such as the County) by public utilities such as the Los Angeles Department of Water and Power (LADWP) must be nondiscriminatory, which means that LADWP is only allowed to charge the County its pro-rata share of LADWP capital costs, based on the County's power usage. County of Los Angeles (2002)</i> . Existing law immunizes counties and their social workers from liability for discretionary placement decisions. In <i>Terrell R.</i> the court held that the County and social worker were not civilly liable for injuries occurring to a child while in foster care. | Chapter 847 of 2003 |

Urgency measure.   | Chapter 22 of 2004  |

This bill would allow a lien against a settlement, compromise, arbitration award, mediation settlement, or any other recovery obtained by the injured person, in addition to a judgment.  | Vetoed              |
